

Clamp-on Breaker Lockout

Contra #BD-D12X

PRODUCT NAME: CLAMP-ON BREAKER LOCKOUT

STANDARD: CE, ISO9001, ISO14001, OHSAS18001

Product Description

- Made from high strength transparent glass resin PC.
- Use thumbscrew to clamp lock out securely onto switch tongue, then pull cover and lock in place to prevent clamp front being loosened
- New blade design provides tighter grip with less torque on thumb screw
- Detachable cleats expand the range of applicable breakers
- Can use padlocks with a shackle diameter up to 7mm.
- **BD-D12:** Can lock handle width less than 42mm
