Cranston, Rhode Island 02921

Dear Ms. DeMedeiros:

The National Institute for Occupational Safety and Health (NIOSH) has reviewed your request accepted July 29, 2019. This request was for approval of the model H910 Plus air-purifying filtering facepiece respirator for protections against particulates at N95 filter efficiency level. The complete configuration is detailed on assembly matrix, file name *H910PlusSeriesAMa.xlsx*, revision A, dated July 25th, 2019.

This request is granted. Approvals are granted only for documentation written in the English language. It is the manufacturer's responsibility to correctly translate materials desired to be produced in languages other than English. Approval number TC-84A-8480 has been assigned. This respirator is approved for protection against particulates at N95 filter efficiency level.

The final respirator label is included as an attachment to this letter. The abbreviated label has been accepted as submitted. The cautions and limitations which apply to these approvals are on the approval label. Only those assemblies affected by this request, or where new approval numbers are assigned, apply to this approval action. Production approval labels cannot include information on unapproved configurations.

The approved assembly consists of the parts as listed on the approval label and the assembly matrix. Parts are to be marked with the numbers indicated on the approval label in a legible and permanent manner (marking cannot be removed without evidence of its previous presence).

This certificate of approval is not an endorsement of the respirator by NIOSH, and such endorsement shall not be stated or implied in advertisements or other publicity. However, you may publicize the fact that this respirator has met the requirements of Title 42, *Code of Federal Regulations*, Part 84 (42 CFR 84).

Page 2- Ms. Edna DeMedeiros- TN-23253

No changes may be made to any respirators and accompanying documentation without prior written approval of NIOSH. Requests for changes must be submitted to NIOSH and a modification of this approval must be granted before changes are made.

Sincerely,

A handwritten signature in blue ink, appearing to read 'JP', with a long horizontal stroke extending to the right.
